Monday Morning Movie

The monthly Monday Morning Movies will resume on **September 17 at 9:00 a.m.** with the viewing of "SULLY".

On Jan. 15, 2009, Captain Chesley "Sully" Sullenberger (Tom Hanks) tries to make an emergency landing in New York's Hudson River after US Airways Flight 1549 strikes a flock of geese. Miraculously, all of the 155 passengers and crew survive the harrowing ordeal, and Captain Sullenberger becomes a national hero in the eyes of the public and the media.

Despite the accolades, the famed pilot now faces an investigation that threatens to destroy his career and reputation.

Come and learn Captain Sully's amazing story. All are welcome - bring a friend!

"For Your Eyes Only"

Thursday, September 20
11:00am

If you're 60 or older - or even if you're not, but this sounds interesting to you - we hope you can join us for a program devoted to your eyes, all of our aging eyes.

We'll begin in the sanctuary with a short DVD introducing our topic for the day, age-related macular degeneration (AMD). This is a health issue that affects nearly all of us seniors at some point, whether it's watching for early indicators or dealing with the actual disease. Our own Audrey McGarvie will share her experience with us after the DVD.

At 11:45am we'll enjoy a light lunch in Fellowship Hall (free will offering), and at 12:15pm we'll be joined by Dr. Mackenzie

Sward from Milwaukee Eye Care for an explanation of AMD and an update on current treatments. There will be time for questions of Dr. Sward after her presentation. There will also be a table of resource materials you can take home.

Because this is such an important topic, we encourage you to invite your friends and neighbors to join us!
